

# Future Orchards® Walks Winter Series – Western Australia

**9.00am – 12.00pm  
Monday,  
12 June 2023**

Atherton's Orchards  
1220 Donnybrook-Boyup  
Brook Road, Lowden WA

## Maximising young tree performance

Join us this June for the APAL Future Orchards® Winter Orchard Walks.

**Jonathan Brookes**, Horticulture Consultant at AgFirst for Future Orchards will highlight the key factors in ensuring high performance of young orchard trees as well as its effect on orchard profitability.

**Paul Vogelaar**, Orchard Manager with Kiwicrunch in Hawke's Bay, New Zealand, will discuss his approach to fruit growing and developing and redeveloping orchards to ensure their profitability.

### What you will learn

- Setting targets for young trees
- Strategies to maximise young tree growth
- The economics of planting a new block and time to return on your investment
- Pruning strategies and planning for next year's crop
- Overhauling underperforming blocks.

### Program outline

9.00am Program commences

12.00pm Program concludes

Followed by lunch
